**DETAILED ACTION**

***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 8/29/06 has been entered.

***Response to Amendment***

Applicant's amendment to claims 1, and 9-10 filed on 8/29/06 is acknowledged. Currently, claims 1-13, 15, 22-24, and 32 are pending in this application.

**REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

In light of applicant's amendment and remarks filed in conjunction with the RCE on 8/29/06, previous 103 rejections of record are hereby withdrawn. Applicant's argument with respect to the claimed polycyclooctene synthesized by ring-opening metathesis polymerization of cis-cyclooctene is found to be persuasive because different polymers were shown to result from

applicant's ROMP as compared to addition polymerization in the prior art. Prior art of record, taken alone or in combination, do not fairly suggest the presently claimed crosslinked polycyclooctene via ROMP of cis-cyclooctene and its utility as a shape memory polymer. Accordingly, the instant invention as defined by claims 1-13, 15, 22-24, and 32 is allowable over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
